Zarba (at SAB staff office) just confirmed "yes" they did receive applicants in the past as well (typically not a lot 3-5% of applicants) –Administrator Pruitt is making this a commitment and we are doing outreach to get more qualified ppl to apply

All – I thought you may find the attached helpful. Per the third point below on not following the law, I have attached a breakdown in the membership of CASAC since FY1998 and you will see that in 7 of the 8 Obama-era years, EPA did not meet the statutorily required 3 separate hats among the 7 CASAC members. I'm sure there is a better graphic we could use to display this information. Please let me know if you have any questions.

Since Pruitt is insistent we do this Weds, Stephen and I need to get something to stakeholders today so they can write press releases. Are the below bullets accurate in your view? Thanks, Richard!
